

### Enjoyment that fills your stomach

Fit for a king in botanika: the Bloom Café & Restaurant provides regional, seasonal and savoury delights – including a great group menu specialising in quality.

### Tranquillity that gives strength

Our Zen garden offers complete tranquillity. A harmoniously designed union of shapes and flora, framed by giant bamboo plants and bright, colourful azaleas.

# ZEN. SATION

### Beauty that enchants

Butterflies are the fairies of the insect world. Only much more beautiful, delicate and colourful. The spectacular butterflies in our tropical greenhouse offer impressive proof of this all year round.

### Sculpture that moves you

Take in the Peace Buddha for Europe – a symbol of the deep connection that ties humans to their living environment.

### How to reach us

You can reach us by car or coach as follows: A27, Vahr exit. Then follow the signs for Rhododendron-Park/botanika. The coach turning area is in Marcusallee directly in front of the main entrance. The coach parking spaces are in Marcusallee in the direction of the motorway.

Using public transport: From Bremen Central Station, take the no. 4 tram in the direction of Borgfeld/Lilienthal. At the Horn or Bürgermeister-Spitta-Allee stop, you can change to the no. 31 bus and continue to the Rhododendron-Park stop (main entrance).

This project is being funded as part of the Union’s response to the COVID-19 pandemic.

# botanika

Bremen’s world of nature discovery

**GROUPS FLYER**

# WE

## Experience green heaven

My name is Falk Ramcke. For me, botanika is both an employer and a vocation – and a source of new joy every single day. Because of the atmosphere, the diversity and the great and small experiences here. Allow me to introduce you to just a few...

## Visit the relatives

Our white-handed gibbons are adorable acrobats: you can watch them for hours. At the same time, they are also ambassadors for the preservation of biodiversity and natural habitats.

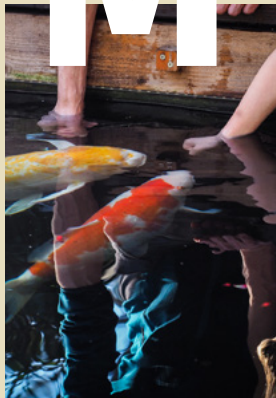

# CO

# M

## Make friends with koi

Our Japanese koi – the birds of paradise of the fish world – are not only beautiful but also trusting. Feeding them is always a special highlight for our guests.

## Discover Borneo in Bremen

The island of Borneo is a unique landscape with a veritable sea of Vireya rhododendrons, tree ferns and exotic plants. With this in mind, we have lovingly recreated it here.

# E

## Experience the rainforest up close

Wander through tropical plants. Walk amidst butterflies flutter by you. See bananas, coffee, cocoa and pepper growing. In the tropical greenhouse, you can experience the rainforest atmosphere in all its glory and up close.

## At any time of the year

- To marvel at: Free-flying tropical butterflies
- To stroll through: Japanese garden, Borneo and New Guinea, Himalayas and the tropics
- To try out: Interactive exhibits and digital highlights
- To discover: White-handed gibbons, koi, myna birds and poison dart frogs
- In spring: Azalea exhibition (March/April)
- Something a little different: Changing special exhibitions over the course of the year

## A wonderful destination

- Customised offers for your group: For example, the guided butterfly tour or a walk through the Bremen Rhododendron-Park including entrance to botanika
- Collection of your group at the main entrance to the Rhododendron-Park
- Group offers in the Bloom Café & Restaurant
- Around 300 wild rhododendron species at botanika
- Comprehensive collection of tropical Vireyas
- Taken together with the Rhododendron-Park, the largest rhododendron collection in the world

# WONDER ALL IN GREEN

**IN THE DISCOVERY CENTRE, YOU CAN FIND OUT WHAT AMAZING TRICKS PLANTS HAVE UP THEIR SLEEVE. FUN FOR ALL AGES!**
